

Global Server Shipments to Grow by 5% YoY in 2018, but Growth May Slow Down in 1H19, Says TrendForce

2018-12-20 [Mark Liu](#)

DRAMeXchange, a division of [TrendForce](#), the global server market has continued to grow in 2018, with the total shipments estimated to reach 12.42 million units, a YoY growth of around 5%. Dell EMC, HPE (including H3C), and Inspur will be the top three server suppliers with the shipment market shares of 16.7%, 15.1%, and 7.8% respectively.

North American server brands would register strong performances driven by cloud computing and commercial server market

Inspur ships nearly one million servers, Huawei increases its server shipments by 20%

About TrendForce

TrendForce is a global provider of the latest development, insight, and analysis of the technology industry. Having served businesses for over a decade, the company has built up a strong base membership base of 435,000 subscribers. TrendForce has established a reputation as an organization that offers insightful and accurate analysis of the technology industry through five major research divisions: DRAMXchange, WitsView, LEDinside, EnergyTrend and Topology. Founded in Taipei, Taiwan in 2000, TrendForce has extended its presence in China since 2004 with offices in Shenzhen and Beijing. For more details about TrendForce, please visit www.trendforce.com

Major research divisions:

DRAMeXchange focuses on memory, storage and the consumer electronics industry including PC DRAM, Mobile DRAM, Server DRAM, NAND Flash, SSD and smartphone.

WitsView offers comprehensive coverage of the display industry from upstream components, midstream panels/touch modules to downstream system integrators, brands and channels.

LEDinside covers all aspects of the LED supply chain from upstream equipment/materials, midstream chip/packaging to the downstream backlight and lighting market.

EnergyTrend specializes in green energy research, such as solar energy, lithium battery, energy storage systems and xEVs.

Topology studies structural trends of technology industries in the Greater China Region and beyond, focusing on semiconductors, photovoltaic technology, telecommunications, and IA.
